800-822-1963 x 206

Lew is currently the Vice President/General Manager of the Keystone Filter Division of Met-Pro Corporation, located in the Philadelphia area. Lew received a BSIE from Lehigh University and pursued an MBA at Temple University. He has spent over 30 years in the field of filtration and separation, spending most of that time at Keystone making filter cartridges for both air and liquid applications.

In addition Lew has worked in the fields of ultrapure water and water disinfection. This work has taken him around the world including a time in Bangladesh working on the arsenic problems in that region. Lew is completing his second term as Chair of the American Filtration and Separations Society.
